

Providing Access and Care 24/7 to Your Patients

Where high-touch personal care and innovative technology intersect to create comprehensive home health, empowering your patients and scaling your business.

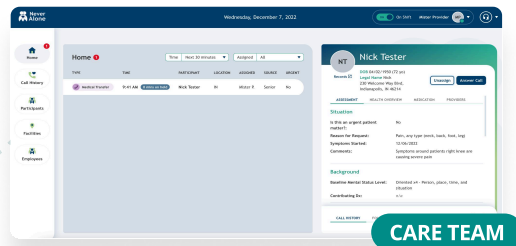

Transformative Care Platform

Transforming how individuals maintain their independence and quality of life through an intuitive digital solution. Empower your patients with access to dedicated Personal Care Partners and healthcare providers, ensuring high-quality, comprehensive care from the comfort of home.

Personal Care Partner Connection

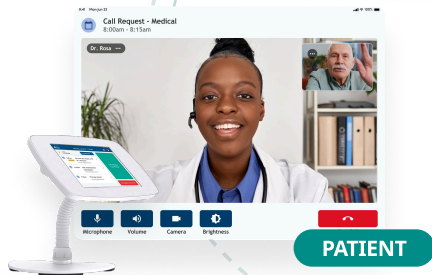

Direct access to Personal Care Partners tailored to individual needs, providing emotional, social, and physical support.

CARE TEAM

24/7 Accessibility

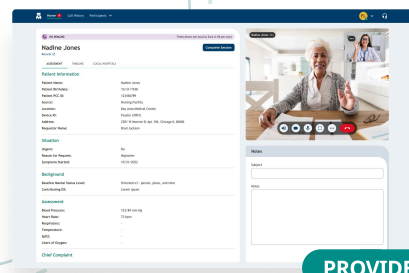

Immediate assistance available anytime, offering peace of mind for family members and caregivers.

PATIENT

Integration with Provider Networks

Seamless communication enhances coordinated care, improving recovery and overall well-being.

PROVIDER

KEY BENEFITS

- **Decrease Staff Burnout and Turnover:** Intuitive platform minimizes caregiver stress, allowing more time for patient care and less on administrative duties.
- **Reduce Hospital Readmissions:** Timely interventions at your fingertips. Agencies using our platform have reduced readmission rates by up to 30%. Keep individuals safely at home, out of hospitals and assisted living facilities.
- **Scale Your Business:** Manage and support more patients efficiently without sacrificing care quality. Improve staff retention and streamline the training of new staff.
